REMARKS

Claim 16 has been further revised to eliminate zirconium from the Markush group. This change is made in light of the comment in the Advisory Action mailed April 10, 2006 and the helpful telephone discussion with the Examiner on April 13, 2006.

It is respectfully submitted that the application is in full condition for allowance. The Examiner is requested to telephone Roger W. Parkhurst at 202-429-6420 if further changes are required prior to allowance.
